Attention: Additional forks exclusively possible with underclearance according to ISO class »B« version
Note: Container must have suitable insertion slots.
Also available with sideshift, model T491W/180 on request

Pallet Turnover Clamp T451W/180

Specification:

An additional fork pair distinguishes

this attachment from the Pallet Turnover Clamp T451. It allows an easy

and safe emptying of the most different transport containers or grid

boxing with suitable insertion slots.

Qualities:

- Good visibility conditions
- Stable construction
- Rotation 360° endlessly
- Two double forks with additional fork pair serially for safe handling
- Optionally with sideshift available
