Specification:

KAUP, as leading manufacturer of attachments, also has a comprehensive range of attachments for Reach Trucks. The Fork Positioner type T466ZH is one of them.

Individual

details regarding wheel arms and ground clearance as well as the possible width of the attachment and other technical details make Reach Trucks very complex. Therefore it is advisable to contact our specialists directly for an individual consultation regarding our attachments and accessories for Reach Trucks.

Qualities:

- Hook-on Fork Positioner for Reach Trucks with extended fork shank
- Very good residual capacity
- Excellent visibility
- Supplied with welded forks
- Supplied optionally with screw on forks for wear intensive operation
- Opening range larger than the construction width
- Construction width of the attachment and opening range is not dependent on the width of the forklift truck carriage
