Load Backrest see model T179.

Other construction widths available upon request.

Fork Carriage with artificial lost load center distance available upon request.

Specification:

KAUP Fork Carriages type T013.1 and

T013.2 can be used as adapter for changing to different ISO classes.

This makes it possible to use an existing attachment even when the forklift truck is changed.

Qualities:

- Solid construction for heavy duty operation
- Best visibility
