Push-Pull T143SA - slip-on-fork version - 1 hydraulic function

Specification:

KAUP Push-Pulls T143SA and Push-Pulls

with sheet saver T145SA are the right choice when frequent changes

between load handling with standard forks and material handling with

push-pulls are carried out because this attachment can be fitted with

slip-in pockets onto existing forks.

Like all other KAUP Push-Pulls, this range also has a large surfaced carrying plate for transportation of palletless loads.

Qualities:

- Solid construction
- Good visibility conditions through the attachment
- Good residual capacity
- Self supporting scissor system
