The arms are coated with Remagrip (see coatings in the pricelist).
Available with arms for plastic drums upon request.
This version is for cylindric drums with diameter of 600 mm. For other diameters on request.

Specification:

The KAUP Mini Drum Clamp T445F is the right choice when cylindrical drums and/or garbage vessels with a hydraulically rotating attachment should be emptied occasionally. For it the mini drums clamp has to be put on the existing forks, arrested and connected hydraulically with the forklift.

Qualities:

- Simple assembly
- Good visibility conditions
- Original forks can be used
- Clamp arms with rubber covering serially
- Rotary corner up to 180°
